EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: **Cancel claims 9-16¹**.

2. The following is an examiner's statement of reasons for allowance: applicant has discovered a novel and unobvious process for oxidizing organic compounds. The oxidization of organic compounds with the claimed catalyst is not taught or suggested in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Samuel A. Barts whose telephone number is 571-272-2870. The examiner can normally be reached on 6:30-3:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thurman Page can be reached on 571-272-0602. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

¹ It is clear from the petition in this case and applicant's amendment filed 12/2/2002 that claims 6-16 were intended to be canceled by applicant. This examiner's amendment is done to eliminate any confusion as to whether claims 6-16 are still pending in this case.
